

## Cloud Solutions

To remain competitive in today's digital world, companies must gain agility and efficiency, drive innovation through new data-driven insights, and capture advantages through cloud-based advances. With Azure, we're ready to help you deliver new innovations for your customers through state-of-the-art cloud solutions, whether it's lift and shift, hybrid cloud, multi-cloud, or any combination.

- **App Modernization-** Modernize your application portfolio in the Azure Cloud. Advanced digital technologies are disrupting the business world as we know it, don't be left behind.
- **Infrastructure DevOps-** Make the shift from managing infrastructure by hand to managing it through automation.
- **Azure Landing Zone Deployment-** Ensure your Azure environment is set with a solid and scalable foundation.
- **Cloud Security-** Simplify and fortify security with Microsoft 365 and Azure Cloud Security Solutions. It is crucial to make sure that your information, users, applications, data, and other cloud components are secured.
- **Low Code Solutions-** Build end-to-end business solutions with Microsoft's Power Platform. Microsoft's Power Platform is a low-code, no-code platform that empowers everyone to innovate.
- **ISVs for Azure-** Helping Independent Software Vendors succeed. Giving ISVs the tools to successfully launch offers in the Microsoft Azure Marketplace.

## Managed Services

- **Spyglass 365-** Spyglass 365 is a full Microsoft technology department at a fraction of the cost. Supplement your IT department with industry-leading certified Microsoft experts for less than the cost of one FTE.
- **Microsoft Licensing/CSP-** Maximize the value of your Microsoft cloud licensing and see what a Cloud Solution Provider can do for you. We can help you align licensing to business needs and find areas to cut costs, which is key in getting the most value from these investments.
- **Spyglass Staffing-** Spyglass Staffing is dedicated to fulfilling all your technology staffing needs. While not all projects require the full consulting breadth that our broader team provides, Spyglass Staffing provides the specific resources needed to round out your internal team and fulfill your requirements.

# About Spyglass MTG

Spyglass MTG (Microsoft Technology Group) is a women owned and women led consulting firm focused on helping customers get the most out of their Microsoft investments. For over 25 years, we've closely partnered with Microsoft to bring their vast and expanding suite of enterprise solutions to our clients. No matter what part of your journey you are on from initial design through implementation, upgrade or maintenance, Spyglass can help pave your way. We leverage proven methodologies, migration tools and expert consultants to architect, build, deploy, migrate to, and manage Microsoft solutions. Whether you are looking for cloud, collaboration, data, or security services- we can help!

We are proud to be a Microsoft Solutions Partner with 5 Solutions Badges and 5 Advanced Specializations. With offices in the United States and India, Microsoft relationships and knowledge, and experts at the ready, let us be your one-stop shop for all your Microsoft needs. We're here to help your business succeed.
